Product Information Sheet for NR-4020

Human Reference Antiserum to Respiratory Syncytial Virus

Catalog No. NR-4020
This reagent is the property of the U.S. Government.

For research use only. Not for human use.

Contributor:
National Institutes of Allergy and Infectious Diseases (NIAID)
National Institutes of Health (NIH)

Manufacturer:
Wyeth Vaccines Research, Pearl River, NY (Lot No. 06594)

Product Description:
NR-4020 consists of pooled human polyclonal antisera to respiratory syncytial virus (RSV). Neutralization titers with RSV A2 have been reported in the literature. Neutralization titers from 2011 with both RSV A2 and RSV B1 are shown on the Certificate of Analysis.

Material Provided:
Each vial contains lyophilized antiserum (1 mL).

Packaging/Storage:
NR-4020 is provided frozen and should be stored at -20°C or colder immediately upon arrival. Once thawed, it may be stored at 4°C for short periods of time.

Citation:
Acknowledgment for publications should read “The following reagent was obtained through BEI Resources Repository, NIAID, NIH: Human Reference Antiserum to Respiratory Syncytial Virus, NR-4020.”

Biosafety Level: 1

Universal Precautions should be used when handling biological materials derived from human sources, such as NR-4020.

Disclaimers:
You are authorized to use this product for research use only. It is not intended for human use.

Use of this product is subject to the terms and conditions of the BEI Resources Material Transfer Agreement (MTA). The MTA is available on our Web site at www.beiresources.org.

While BEI Resources uses reasonable efforts to include accurate and up-to-date information on this product sheet, neither ATCC® nor the U.S. Government makes any warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. Neither ATCC® nor the U.S. Government warrants that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, use and disposal. ATCC® and the U.S. Government are not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to ensure authenticity and reliability of materials on deposit, the U.S. Government, ATCC®, their suppliers and contributors to BEI Resources are not liable for damages arising from the misidentification or misrepresentation of products.

Use Restrictions:
This material is distributed for internal research, non-commercial purposes only. This material, its product or its derivatives may not be distributed to third parties. Except as performed under a U.S. Government contract, individuals contemplating commercial use of the material, its products or its derivatives must contact the contributor to determine if a license is required. U.S. Government contractors may need a license before first commercial sale.
