

Ferret Hyperimmune Sera to Influenza A/New Caledonia/20/1999 (H1N1)

Catalog No. NR-19263

This reagent is the tangible property of the U.S. Government.

For research use only. Not for human use.

Contributor:

BEI Resources

Manufacturer:

IDR, Immune Diagnostics & Research, Toronto, Ontario, Canada

Product Description:

NR-19263 is a preparation of pooled antisera from six ferrets that were intranasally inoculated with influenza virus, A/New Caledonia/20/1999 (H1N1) grown in embryonated chicken eggs. Prior to infection, the ferrets were shown to be negative for antibodies against seasonal H1N1 and H3N2 influenza A viruses, seasonal influenza B viruses of both the Victoria and Yamagata lineage and the 2009 H1N1 pandemic influenza A virus.

Material Provided:

Each vial contains approximately 1 mL of antisera. The antisera has not been heat-inactivated or treated with receptor-destroying enzyme (RDE).

Packaging/Storage:

NR-19263 was packaged aseptically in cryovials and is provided frozen on dry ice. NR-19263 should be stored at -20°C or colder. Freeze-thaw cycles should be avoided. RDE-treated and heat-inactivated working aliquots may be stored at 4°C for up to one week without significant loss of titer.

Biosafety Level: 1

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the following publication: U.S. Department of Health and Human Services, Public Health Service, Centers for Disease Control and Prevention, and National Institutes of Health. [Biosafety in Microbiological and Biomedical Laboratories](#). 5th ed. Washington, DC: U.S. Government Printing Office, 2009; see www.cdc.gov/biosafety/publications/bmbl5/index.htm.

Citation:

Acknowledgment for publications should read "The following reagent was obtained through BEI Resources, NIAID, NIH: Ferret Hyperimmune Sera to Influenza A/New Caledonia/20/1999 (H1N1), NR-19263."

Disclaimers:

You are authorized to use this product for research use only. It is not intended for human use.

Use of this product is subject to the terms and conditions of the BEI Resources Material Transfer Agreement (MTA). The MTA is available on our Web site at www.beiresources.org.

While BEI Resources uses reasonable efforts to include accurate and up-to-date information on this product sheet, neither ATCC® nor the U.S. Government makes any warranties or representations as to its accuracy.
