**Product Information Sheet for NR-12121**

**Nucleocapsid (N) Protein from Rift Valley Fever Virus, Recombinant from Baculovirus**

**Catalog No. NR-12121**
This reagent is the tangible property of the U.S. Government.

**For research use only. Not for human use.**

**Contributor:**
Polly Roy, M.Sc., Ph.D., F.Med.Sci., Professor of Virology and Wellcome Trust Senior Investigator, Department of Pathogen Molecular Biology, Faculty of Infectious and Tropical Diseases, London School of Tropical Medicine and Hygiene, 1 Keppel Street, London, UK

**Manufacturer:**
BEI Resources

**Product Description:**
Recombinant nucleocapsid (N) protein from Rift Valley fever virus was produced in Sf9 insect cells using a baculovirus expression vector system and purified by centrifugation through a 20% sucrose cushion followed by polymyxin B chromatography.

**Material Provided:**
Each vial contains approximately 200 µg of purified recombinant N protein in 100mM Tris (pH ~ 7.4), 100mM NaCl, and 1mM EDTA. The protein content in µg and the concentration, expressed as mg per mL, are shown on the Certificate of Analysis.

**Packaging/Storage:**
Purified recombinant protein was packaged aseptically, in screw-capped plastic cryovials. This product is provided on dry ice and should be stored at -80°C or colder immediately upon arrival.

**Citation:**
Acknowledgment for publications should read “The following reagent was obtained through BEI Resources, NIAID, NIH: Nucleocapsid (N) Protein from Rift Valley Fever Virus, Recombinant from Baculovirus, NR-12121.”

**Biosafety Level: 1**

**Disclaimers:**
You are authorized to use this product for research use only. It is not intended for human use.

Use of this product is subject to the terms and conditions of the BEI Resources Material Transfer Agreement (MTA). The MTA is available on our Web site at www.beiresources.org.

While BEI Resources uses reasonable efforts to include accurate and up-to-date information on this product sheet, neither ATCC® nor the U.S. Government makes any warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. Neither ATCC® nor the U.S. Government warrants that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, use, and disposal. ATCC® and the U.S. Government are not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to ensure authenticity and reliability of materials on deposit, the U.S. Government, ATCC®, their suppliers and contributors to BEI Resources are not liable for damages arising from the misidentification or misrepresentation of products.

**Use Restrictions:**
This material is distributed for internal research, non-commercial purposes only. This material, its product or its derivatives may not be distributed to third parties. Except as performed under a U.S. Government contract, individuals contemplating commercial use of the material, its products or its derivatives must contact the contributor to determine if a license is required. U.S. Government contractors may need a license before first commercial sale.
