Monoclonal Anti-*Mycobacterium tuberculosis* DnaK (Gene Rv0350), Clone A (produced *in vitro*)

**Catalog No. NR-49679**
This reagent is the tangible property of the U.S. Government.

**For research use only. Not for human use.**

**Contributor:**
BEI Resources

**Manufacturer:**
Karen Dobos, Ph.D., Colorado State University, Fort Collins, Colorado, USA

**Product Description:**
Antibody Class: IgG\_1
Monoclonal antibody to *Mycobacterium tuberculosis*, strain H37Rv probable chaperone protein (DnaK) was produced in cell culture using a B cell hybridoma generated by the fusion of myeloma cells with immunized mouse splenocytes.

**Material Provided:**
Each vial contains approximately 1 mL of NR-49679 provided as cell culture supernatant.

**Packaging/Storage:**
NR-49679 was packaged aseptically in cryovials. The product is provided frozen on dry ice and should be stored at -80°C or colder immediately upon arrival. Freeze-thaw cycles should be avoided.

**Citation:**
Acknowledgment for publications should read “The following reagent was obtained through BEI Resources, NIAID, NIH: Monoclonal Anti-*Mycobacterium tuberculosis* DnaK (Gene Rv0350), Clone A (produced *in vitro*), NR-49679.”

**Biosafety Level:** 1

**Disclaimers:**
You are authorized to use this product for research use only. It is not intended for human use.

Use of this product is subject to the terms and conditions of the BEI Resources Material Transfer Agreement (MTA). The MTA is available on our Web site at [www.beieresources.org](http://www.beieresources.org).

While BEI Resources uses reasonable efforts to include accurate and up-to-date information on this product sheet, neither ATCC\textsuperscript{®} nor the U.S. Government makes any warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. Neither ATCC\textsuperscript{®} nor the U.S. Government warrants that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, use and disposal. ATCC\textsuperscript{®} and the U.S. Government are not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to ensure authenticity and reliability of materials on deposit, the U.S. Government, ATCC\textsuperscript{®}, their suppliers and contributors to BEI Resources are not liable for damages arising from the misidentification or misrepresentation of products.

**Use Restrictions:**
This material is distributed for internal research, non-commercial purposes only. This material, its product or its derivatives may not be distributed to third parties. Except as performed under a U.S. Government contract, individuals contemplating commercial use of the material, its products or its derivatives must contact the contributor to determine if a license is required. U.S. Government contractors may need a license before first commercial sale. This material may be subject to third party patent rights.
