

**Human Acute Plasma W23651631065600 to Zika Virus**

**Catalog No. NR-50817**

**Lot No. 70008627**

**For research use only. Not for human use.**

**Contributor and Manufacturer:**

Michael P. Busch, M.D., Ph.D., Blood Systems Research Institute, San Francisco, California, USA

**Product Description:**

NR-50817 is plasma collected on June 7, 2016, from a human subject with a confirmed acute Zika virus (ZIKV) infection and prior dengue virus (DENV) exposure. The sample is positive for ZIKV RNA, negative for anti-ZIKV IgM, and positive for anti-DENV IgG.<sup>1</sup>

**Material Provided:**

Each vial contains approximately 0.5 mL of plasma.

**Packaging/Storage:**

NR-50817 was packaged aseptically in screw-capped plastic cryovials. The product is provided frozen on dry ice and should be stored at -80°C or colder immediately upon arrival. Freeze-thaw cycles should be avoided.

Acknowledgment for publications should read “The following reagent was obtained through BEI Resources, NIAID, NIH: Human Acute Plasma W23651631065600 to Zika Virus, NR-50817.” All oral presentations or written publications concerning the use of this material must also include the following acknowledgement of the Contributor: “This manuscript was prepared using samples provided by Blood Systems Research Institute (BSRI) from studies funded in whole or in part by Contract No. HHSN268201100001I from the National Heart, Lung, and Blood Institute (NHLBI), National Institutes of Health; Roche Molecular Systems, Inc.; and Contract No. HHSO100201600010C from the Department of Health and Human Services, Office of the Assistant Secretary for Preparedness and Response, Biomedical Advanced Research and Development Authority. The content is solely the responsibility of the authors and does not necessarily represent the official views of BSRI, the NHLBI, or the National Institutes of Health.”

**Biosafety Level: 2**

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the following publication: U.S. Department of Health and Human Services, Public Health Service, Centers for Disease Control and

Prevention, and National Institutes of Health. Biosafety in Microbiological and Biomedical Laboratories. 5th ed. Washington, DC: U.S. Government Printing Office, 2009; see [www.cdc.gov/biosafety/publications/bmbl5/index.htm](http://www.cdc.gov/biosafety/publications/bmbl5/index.htm).

**Disclaimers:**

You are authorized to use this product for research use only. It is not intended for human use.

Use of this product is subject to the terms and conditions of the BEI Resources Material Transfer Agreement (MTA). The MTA is available on our Web site at [www.beiresources.org](http://www.beiresources.org).

While BEI Resources uses reasonable efforts to include accurate and up-to-date information on this product sheet, neither ATCC® nor the U.S. Government makes any warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. Neither ATCC® nor the U.S. Government warrants that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, use and disposal. ATCC® and the U.S. Government are not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to ensure authenticity and reliability of materials on deposit, the U.S. Government, ATCC®, their suppliers and contributors to BEI Resources are not liable for damages arising from the misidentification or misrepresentation of products.

**Use Restrictions:**

**This material is distributed for internal research, non-commercial purposes only.** This material, its product or its derivatives may not be distributed to third parties. Except as performed under a U.S. Government contract, individuals contemplating commercial use of the material, its products or its derivatives must contact the contributor to determine if a license is required. U.S. Government contractors may need a license before first commercial sale.
