Zaire Ebolavirus Human Immunoglobulin (IgG) Panel (anti-glycoprotein)

Catalog No. NR-52374
This reagent is the property of the U.S. Government.

For research use only. Not for human use.

Contributor:
BEI Resources, National Institutes of Allergy and Infectious Diseases (NIAID), National Institutes of Health (NIH), Rockville, Maryland, USA

Manufacturer:
Battelle, Columbus, Ohio, USA under NIAID/NIH contract HHSN272201200003I/ Task Order HHSN27200009

Product Description:
NR-52374 is a Zaire Ebolavirus Human Immunoglobulin (IgG) Panel for testing human serum samples via the Filovirus Animal Nonclinical Group anti-Ebolavirus glycoprotein (GP) immunoglobulin Enzyme-Linked Immunosorbent Assay [FANG anti-EBOV GP IgG ELISA].

Material Provided:
The Zaire Ebolavirus Human Immunoglobulin (IgG) Panel is made up of 10 vials containing approximately 50 µL per vial of positive human serum diluted in a range of concentrations in naïve human serum. One vial contains only naïve human serum.

Packaging/Storage:
NR-52374 was packaged in cryovials. The product is provided frozen and should be stored at -70°C or colder immediately upon arrival. Once thawed, the material may be stored at 2°C to 8°C for up to 21 days.

Functional Activity:
NR-52374 has been used in the FANG anti-EBOV GP IgG ELISA.

Citation:
Acknowledgment for publications should read “The following reagent was obtained through BEI Resources, NIAID, NIH: Zaire Ebolavirus Human Immunoglobulin (IgG) Panel (anti-glycoprotein), NR-52374.”

Biosafety Level: 2

Disclaimers:
You are authorized to use this product for research use only. It is not intended for human use.

Use of this product is subject to the terms and conditions of the BEI Resources Material Transfer Agreement (MTA). The MTA is available on our Web site at www.beiresources.org.

While BEI Resources uses reasonable efforts to include accurate and up-to-date information on this product sheet, neither ATCC® nor the U.S. Government makes any warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. Neither ATCC® nor the U.S. Government warrants that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, use and disposal. ATCC® and the U.S. Government are not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to ensure authenticity and reliability of materials on deposit, the U.S. Government, ATCC®, their suppliers and contributors to BEI Resources are not liable for damages arising from the misidentification or misrepresentation of products.

Use Restrictions:
This material is distributed for internal research, non-commercial purposes only. This material, its product or its derivatives may not be distributed to third parties. Except as performed under a U.S. Government contract, individuals contemplating commercial use of the material, its products or its derivatives must contact the contributor to determine if a license is required. U.S. Government contractors may need a license before first commercial sale.
