

Genomic DNA from *Encephalitozoon cuniculi*, Strain CDC:V282

Catalog No. NR-59781

(Derived from ATCC® 50602™)

For research use only. Not for use in humans.

Contributor:

Centers for Disease Control and Prevention, Atlanta, Georgia, USA

Manufacturer:

BEI Resources

Product Description:

Genomic DNA was extracted from a preparation of *Encephalitozoon cuniculi* (*E. cuniculi*), strain CDC:V282, which was isolated in 1993 from the urine of an AIDS patient in Colorado, USA.¹

E. cuniculi, strain CDC:V282 was deposited to the ATCC® by G. S. Visvesvara of the CDC. *E. cuniculi*, strain CDC:V282 is genotype III based on PCR analyses of internal transcribed spacer (ITS) of the ribosomal RNA gene, polar tube protein (PIP) and spore wall protein-1 (SWP-1).²

NR-59781 has been qualified for PCR applications by amplification of approximately 1200 base pairs of the 18S ribosomal RNA.

Material Provided:

Each vial of NR-59781 contains 0.2 µg to 3.5 µg of genomic DNA in TE Buffer (10 mM Tris-HCl and 0.5 mM EDTA, pH ~ 9). The vial should be centrifuged prior to opening.

Packaging/Storage:

NR-59781 was packaged aseptically in cryovials. The product is provided frozen and should be stored at -20°C or colder immediately upon arrival. Freeze-thaw cycles should be minimized.

Citation:

Acknowledgment for publications should read “The following reagent was obtained through BEI Resources, NIAID, NIH: Genomic DNA from *Encephalitozoon cuniculi*, Strain CDC:V282, NR-59781.”

Biosafety Level: 1

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the following publication: U.S. Department of Health and Human Services, Public Health Service, Centers for Disease Control and Prevention, and National Institutes of Health. [Biosafety in Microbiological and Biomedical Laboratories \(BMBL\)](#). 6th ed. Washington, DC: U.S. Government Printing Office, 2020.

Disclaimers:

You are authorized to use this product for research use only. It is not intended for human use.

Use of this product is subject to the terms and conditions of the BEI Resources Material Transfer Agreement (MTA). The MTA is available on our Web site at www.beiresources.org.

While BEI Resources uses reasonable efforts to include accurate and up-to-date information on this product sheet, neither ATCC® nor the U.S. Government makes any warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. Neither ATCC® nor the U.S. Government warrants that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, use and disposal. ATCC® and the U.S. Government are not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to ensure authenticity and reliability of materials on deposit, the U.S. Government, ATCC®, their suppliers and contributors to BEI Resources are not liable for damages arising from the misidentification or misrepresentation of products.

Use Restrictions:

This material is distributed for internal research, non-commercial purposes only. This material, its product or its derivatives may not be distributed to third parties. Except as performed under a U.S. Government contract, individuals contemplating commercial use of the material, its products or its derivatives must contact the contributor to determine if a license is required. U.S. Government contractors may need a license before first commercial sale.
